

RESULTS

great

Berghammer is pleased to announce the completion of a new **40,000 SF** freestanding ambulatory surgery center for **Froedtert Hospital**. The finished first floor of the building consists of five operating and procedural rooms, prep and recovery areas, and common space for reception and waiting. The first surgeries in the new facility are scheduled for mid-March. **Hammel, Green, & Abrahamson Architects** provided architectural design and engineering services.

Project Team:

Project Executive: **George Minnich**
Project Management: **Tom Schneider & Kevin White**
Project Engineer: **Chris Bub**
Project Coordinator: **Tammy Krenz**
Project Superintendent: **Scott Barrowclift**
