

Howell Avenue Professional Office Center

O A K C R E E K , W I

Berghammer Construction Corporation has completed construction of the **Howell Avenue Professional Office Center** located in Oak Creek, Wisconsin.

In addition to constructing the building, Berghammer performed the interior build-outs for **Wasserman & Associates and Oak Creek Pediatrics**. The two-story, **20,000 square foot** office building, designed by **Welman Architects, Inc.**, features extensive exterior brick with high-performance glass. Surrounded by existing and newly created ponds, this building is Phase I of a multi-phased development proposed for the South Howell Avenue site. To learn more about Howell Avenue Professional Office Center log on to our website at www.berghammer.com and click on What We Build; **Howell Avenue Professional Office Center**.
